

THE NEW

RAYMOND RECORDER

No. 9 Vol. 1 Thursday, May 11, 1950

Hospital Auxiliary

It is essential that there should be organized in this town, and hospital district, a Women's Auxiliary to the Raymond Municipal hospital.

The Lions Club Committee on Agriculture was very busy again on Tuesday afternoon. The usual gang gathered and made another trip to the scene of activity—the calves. The District Agriculturist, Peter Jamieson, was there as was the Cardston Representative, Dell Steed. Douglas Paxman and P. K. Moreland did the honors of piloting the tour for our Club. The visitors declared that the Raymond calves are more uniform than any other club has been able to produce. They were well pleased with the progress made in Raymond.

Election Time is Here

President Herbe Wilde sent out notices to the Nominating Committee that a new slate of officers should be ready for our next meeting. The Committee this year consists of Jack Evans, Melvin King and Karl Wilde. They select a candidate for each of the following offices: President, First Vice-President, Second Vice-President, Third Vice-President, Secretary-Treasurer, Tail Twister, Lion Tamer and two Directors. At the first meeting in June members can nominate any Lion from the floor and the election follows.

What is a Gentleman?

The Lions definition of a gentleman is—A man who is clean inside and outside; who neither looks up to the rich or down to the poor; who can lose without squealing and win without bragging; who is considerate of women, children and old people; who is too brave to lie, too generous to cheat and who takes his share of the world's goods and lets other people have theirs.

Whither Youth

The Bulletin Editor of Jungle Jottings in Danbury, Conn. offers this to the people who insist that youth go to the dogs.

If there was a bad curve or blind bend on one of our highways where accidents were increasing every day, what would we do about it? Would we build a larger hospital, put on more nurses and doctors—or would we eliminate the curve and thus remove the cause?

We could put up large warning signs, we can build larger jails, reformatories and asylums which reports show are being crowded by our youths of today. How about building a new road without danger spots that they would enjoy travelling on and then forget the old one. To do this, we, the elders, would have to pioneer and blaze the trail.

Let us look at ourselves through the eyes of our youth. They have been following us and our advice for many years. Where has it led them? Into a social, economic and moral mess. Is it too late to help them? They do not want our help or advice. It has proven valueless. So, what? We just call them scatterbrains while they are blazing new trails into the unknown.

The youths of today are just what their parents, their education and social environment have made them. They deserve pity rather than scorn. Family squabbles, idleness and reckless spending are bad examples. Every day one can see greed and selfishness replacing love, charity and respect for the rights of others. Bad companions, immoral shows and pictures crime stories and radio programs all have a tendency to lead youths along the paths of delinquency and crime.

We cannot condemn all youths, we should approach their problems with patience and charity and try to educate them along lines of virtue, good citizenship and honor. We as a club lay the foundation for this new road with the help of teachers, ministers, social workers and parents. This will create a wholesome environment through social and athletic clubs with supervised recreation.

The purpose of such an organization is to serve the hospital's needs and in turn serve the community. Some of its endeavors might be: to keep an adequate baby layette supply, to furnish wards with extra comforts such as overtables etc., to contribute to the comfort and welfare of the nursing staff by making for them a home away from home. A standing welfare fund for those patients who need special nurses and cannot afford the cost. The matron would have control of this fund. A complete layette could always be kept on hand for that poor unfortunate one—a new out fit in which to leave the hospital.

Our hospital needs numerous pieces of equipment for its completion. Drapes for the men's wards, kimono for adults, sleepers for the little tots, a floor waxer and polisher. Easy chairs, pictures and drapes are needed for the nurses' recreation room. These are only a few of the things that could be done for the welfare of our hospital.

You ask, "and how are we to raise the funds?" Just the way funds are raised by any other organization; by pantry sales, teas, dances, suppers, donations and by any other way conceivable to woman's ingenuity.

The Women's Auxiliary to the hospital could sponsor a well-baby clinic where inoculations, vaccinations, free literature and advice could be given to mothers seeking same.

Everywhere in Canada are found such supporting organizations as the Auxiliary. The importance and need of such a group here is very great. Let's be more civic-minded—take pride in our community.

Let's make an all out effort to organize and support a Women's Auxiliary to the Raymond Municipal Hospital.

Stirling News

(Mrs. Lief Erickson)

Virgil Selk and Howard Hardy of Rosemary visited friends and relatives on Sunday afternoon.

Mrs. Farrell Nelson has been a patient in the Galt hospital for the past week. She is responding to treatment favorably and expects to be home soon.

Mrs. Albert Brandley has returned from Cleveland, Ohio where she spent the past month with her daughter and her family.

Mrs. Hortense Hirsche was hostess to the M.A. Club on Thursday afternoon. The club will again sponsor a piano recital to be held on May 24. After club business had been disposed of the hostess served a delicious lunch. Mrs. Elsie Perrett was a special guest.

The officers and teachers of the Primary organization are to be congratulated on the splendid program presented Sunday evening when their annual conference was held. The theme of the evening was "Prayer" which was very ably carried out by the children, both in speeches, readings and song. The high light of the evening was the singing of the children, conducted by Beatrice Proctor. President Thedora Nelson was in charge of the service and spoke briefly. Members of the Stake Primary Board were in attendance.

Mrs. Dorthea Wilcox is at present a patient in the Municipal hospital at Raymond.

The ladies of the U and I club were entertained on Thursday evening at the home of Mrs. Margaret Zaugg. Mrs. Ruby Erickson was in charge of the program and conducted a spring flower quiz, the prize going to Mrs. Thelma Jacobs at the close of the evening.

A lovely lunch was served by the hostess assisted by Mrs. Eudora Oler.

continued on page 3

AN APPEAL

The flood and fire disasters in other parts of the Dominion should make every one of us profoundly thankful that we live in one of the world's choicest areas. Troubles we may have but compared to those of the people in the stricken areas we are indeed blessed.

Appeals have been sent out to various clubs and organizations and the Rotary Club here in response to such an appeal from the Winnipeg Rotary are busily engaged in the collection of the urgently needed items listed by Winnipeg as clothing, canvas cots, blankets and flashlights. The thousands of people made homeless by the angry waters of the Red River are suffering both physical and mental anguish and are desperately in need of these articles.

Mrs. A. Hague was the instructor at the Canadian Culture class when it met at the Public Library Monday evening for a lesson on Shell-craft. This was the second lesson of the season on the art of creating pictures etc. with the tiny shells. The ladies all took part at the work table. At the close of the evening the ladies asked that another evening be spent on Shell-craft in the near future.

Lucille Thompson of Calgary was a weekend visitor here.

Mrs. White of Cardston is a guest at the home of Mr. and Mrs. Parley Meldrum.

Mr. and Mrs. Whitney Heninger and Mrs. Louella Hague of Picture Butte were visitors here on Tuesday.

(By Deb. Thompson)

An executive meeting was held on Friday evening, May 5th, to discuss several important matters, such as preparation of the grounds for lawn and shrubberies which are already on order. The landscaping was planned by former member John Landyshef and should be very attractive when completed.

Comrade Jack Mehew of the Welfare Committee reported that he had attended a recent meeting of the Cemetery Board and had been granted two plots in the local cemetery to be known as the "Plot of Honor". This would be used for veterans with no immediate relatives here to attend to the looking after the grave. These plots will be kept up by the Raymond Branch of the Canadian Legion and will be recognized by the Union Jack flying over them.

Mr. Mehew also reported that Comrade Vaughn Taylor is a patient in a Lethbridge hospital, suffering from a broken ankle. He has been presented with a bouquet of flowers from the Welfare Committee.

It was decided to obtain navy blue tams with the Legion crest on them for the members. This is our standard head-dress and it is hoped that it will add color and foster more Legion spirit.

Several other matters were discussed but were carried over until the general meeting to be held next week.

Ladies Auxiliary

The annual election of the Ladies Auxiliary to the Canadian Legion was held Monday, May 8th. The following members were elected to office: President, Mary Thompson; 1st Vice-Pres., Clayte Ralph; 2nd Vice-Pres., Ruby Holland; Secretary, Fern Thompson and Treasurer, Flo McKean. Six other

S. B. Card, president of Raymond Rotary, has voiced the desire for all clubs, organizations and individuals to co-operate in making this campaign a success and has offered the use of his coal office as a collecting depot for any and all contributions. If it is impossible for you to deliver your goods to the office you can telephone 63 and a car will call.

The job of collecting, sorting and packing these articles may turn into quite a job so anyone having the time and the desire to help should contact Mr. Card.

The regular relief agencies have their hands plenty full and will certainly welcome any assistance, no matter how large or small, we can give.

Fellow Canadians are in desperate need—let's not let them down!

Bob Greep has received word from the Calgary apprenticeship school that he has passed the final electrical examinations and is now eligible for his first class journeyman's papers.

Work started this week on the re-shingling of the Buddhist Church.

Mr. and Mrs. John Roberts and daughters Wynne and Stephanie are visiting Mrs. Roberts' parents in Calgary.

Mrs. Mary Thompson was hostess to a group of friends recently when an aluminum demonstration was held at her home.

Mrs. Roy Spackman of Cardston is visiting at the home of her parents Mr. and Mrs. Leslie Palmer.

committee heads were elected as follows: Kitchen, May Vincent; Welfare Phyllis Kindt; Entertainment, Va Attwood; Membership and Attendance, Eileen Adams; Advertising Edith Heninger; Decorating, Sally Hippard.

Following the election a short business meeting was held. The matter of membership fee was discussed and it was decided to lower it to \$1.00. It was suggested that the Entertainment Committee should hold a series of card parties at the hall. As the hall is nearly completed it is hoped that many more socials and parties are to be held this coming season.

Letters and cards were read by the Sec. and in response to an appeal from the Canadian Polio-myelitis Foundation it was moved that we send a \$5 donation. It was also moved that we send a donation to any other cause deemed worthy by the executive.

Following the meeting a lunch was served.

An item well worth mentioning was the donation by Mrs. Kate Burroughs of a sum of money to the Auxiliary. Mrs. Burroughs has been a faithful member from the start of our organization and has attended most of our meetings as well as many of our social functions. In giving the donation she explained that due to the fact she was unable to work with us she wanted to give something to help out. Not only for the above reasons is it a pleasure to have Mrs. Burroughs in our organization, but she is also the mother of one who paid the supreme sacrifice in the last-war.

Mesla Hironaka has returned home after spending the winter as a student at the University of Alberta. Miss Hironaka has finished her second year and hopes to return in the fall to her classes.

Mayor William Jensen has sold his home. The new tenants will be Mr. and Mrs. Jim Bridge. Raymond citizens are hoping that they will not lose their popular mayor to another town.

Kindergarten Classes

Parents of pre-school age children will be glad to learn that Gertrude Anderson, who has finished her course at Art school, is making plans to come home and start a kindergarten class, if sufficient enrollment can be obtained. These classes are to start June 5th for children from four to six years of age. Interested parties may learn more particulars from Mrs. Grace Anderson.

Mrs. David Anderson is a guest at the home of Mrs. June Anderson. David, who is attending school in Winnipeg will be finished shortly and will visit here before they continue on to Sandy, Utah.

Mr. and Mrs. Ezra Paxman, longtime residents of Raymond have moved to Cardston where they have purchased the Tanner home. They will continue their farming activities in the Cardston district while Mr. and Mrs. Grant Paxman will take over their farm here.

Among the graduating class of 35 students for Bachelor of Science in Pharmacy are three men who received most of their early schooling here. They are:

Victor Miller who will be remembered as an outstanding student who, during his years in High School was very active on the student body as well as being editor of the Hi Times.

Jack Miller is the son of Mr. and Mrs. Victor Miller who, for many years, was employed at the factory before moving to Taber where he is still employed by Canadian Sugar Factories.

Keith and Jack Humphreys, both sons of Mr. and Mrs. J. Ross Humphreys, spent their early years here, moving to Picture Butte when the factory was built there and their father was named mill superintendent. Jack came back many times to visit at the home of Mrs. Emma Dahl and one time when he visited Raymond Myra Dahl became Mrs. Jack Humphreys. They now have a charming baby girl.

All three graduates are veterans who served their country in the R.C.A.F.

Welling Notes

(Faye Stringham)

Robert Wilde, son of Jesse Wildt, has returned from Edmonton where he has attended University. His graduation exercises will be on May 17.

In the Sunday evening services last week, Melvin Foote and Gordon Wilde reported on their missions in Australia.

The M Men and Gleaner Fireside was held at the home of Anita Bullock. The missionaries were the speakers.

Vaughn Taylor is in a Lethbridge hospital with a fractured leg caused by an accident some time ago.

Bishop S. F. Wilde has been a patient in a Lethbridge hospital suffering from the flu. He is at home now and is improving satisfactorily.

Elder Richard Chipman has his release from his mission and is expected home soon.

Mrs. A. M. Peterson spent a few days with her mother, Mrs. Louisa Wilde.

John Heggie is in a Lethbridge hospital suffering from an infection Mrs. Fannie Nelson is visiting with her daughter, Lorraine Fisher, in Hill-spring.

Alene Foote has returned to Calgary after a two week vacation at home.

The spring work on the Church farm got underway last Tuesday with a good turnout of tractors and other implements to prepare the land for seeding.

ROTE SPOKES

On Monday, May 8th Stewart Card presided over the weekly meeting of the Raymond Rotary Club. A disappointingly small number of Rotarians were present thus missing a grand dinner served by the Legion Ladies Auxiliary.

For some reason our scheduled program failed to show, so President Stewart took the opportunity to clear up a few matters of business. A meeting of the Club Directors was called for Monday, May 22nd for the purpose of electing Club Executive Officers for the coming year. The Club requested Secretary L. A. Wood to write an expression of sympathy to the Winnipeg club in their hour of trial by flood. The flood situation in that city has become so critical that it has forced the postponement of our District Conference which was to have been held there May 7, 8 and 9. Some discussion took place regarding the road sign to be placed at Craddock junction. Frank Taylor volunteered to push this sign through to completion and all Rotarians present offered their services to set the sign up when it is finished.

Celebrities Featured on "Boys and Girls Week" Broadcast

Kick-off for the 30th annual observance of Boys and Girls Week was a radio program which was broadcast by Rotary International throughout the U.S.A. and Canada on Saturday, carried by the Columbia Broadcasting System in the U.S. and by the CBC Trans-Canada network in Canada.

Entitled "The Answer", the show focused public attention upon the interests, activities and problems of young people, and gave impetus to character-building activities of youth-serving agencies.

Featured on the broadcast were three top Hollywood personalities—Eddie Cantor, Ronald Reagan and Jo Stafford; The Hon. Warren R. Austin, United States Ambassador to the United Nations; Judge Roger Alton Pfaff, famed Los Angeles Traffic Judge and the 50-voice LeConte Junior High School Mixed Glee Club of Los Angeles.

The program originated in New York and Hollywood.

Candidate for Director of R. I.

The Red Deer Rotary Club has announced its plan to nominate Harold J. Snell as candidate for Director of Rotary International.

Great Issues

In these days of "total diplomacy" public understanding of great issues is urgently needed. Indifference can spell weakness and confusion that may prove fatal to world peace.

Rotary clubs can provide their members with an opportunity to think through on these issues, and to carry the fruits of their discussion to other groups within their circle of influence.

As a springboard for discussion, Rotary International will be glad to supply papers which will provide an analysis for speakers and leaders of discussion on each of the three issues involved: No. 707 "Can Europe Be Unified?" No. 709 "Struggle for Asia" and No. 710 "The Hydrogen Bomb".

Good Attendance

Good attendance is sought but not at the expense of Rotary standards. A Rotarian is either entitled to attendance credit or he is not. There is no half way mark.

How to Be Perfectly Miserable

1. Think about yourself.
2. Talk about yourself.
3. Use "I" as often as possible.
4. Mirror yourself continually in the opinion of others.

Let's Clean Up

A half-hearted attempt has been made in some parts of town to clean up but this effort will be wasted if things remain in their present condition. Spring has at last made an appearance that looks as though it will be permanent and with spring comes, or should come, the cleaning bug. Do not be afraid of this one though because it does much good and very little damage.

Last time we made an appeal to the business men to have their junk heaps removed so this time we shall address ourselves to the women of

the town. In many cases it can be seen where one home along the street is kept in a tidy condition while its neighbor is left to the whims of nature to spread leaves and refuse around with careless abandon. Would it be possible to form a beautification committee in each block or on each street that would make plans to have each house and lot in that area looking neat and clean? It has been tried rather unsuccessfully but a little leadership and co-operation can and would go a long way in fostering a spirit of civic pride that would bring joy to the hearts of those that behold.

ASSETS FOR SALE BY TENDER

The Board of Directors of the Raymond Co-operative Cheese Factory Association Limited call for tenders on their existing assets including Lots 6 and 7, Block 3, Raymond. Lot 6 is a choice business building lot and Lot 7 has on it a large Cinder Brick building 50 feet by 160 feet, housing at present as a going concern:

- A Cold Storage Locker Plant of 300 lockers
- An Egg Grading Station
- Two large insulated storage rooms
- A large warehouse
- A smoke house
- A Steam Generating Plant

This building is connected with the sewer and is ideally located in the Business Area. A personal inspection of this property is invited. Further details may be had by contacting Mr. L. D. Watson, Sec'y-Treas.

Each tender must have attached thereto a certified cheque for 10% of the tender. Deposits on unaccepted tenders will be returned. The balance due on the accepted tender is payable in cash on transfer of title. The highest or any tender not necessarily accepted.

Tenders must be submitted not later than 7:30 p.m. of May 19th to Mr. L. D. Watson, Raymond, Alberta.

For Parents Only Tribute to Mother

By Nancy Cleaver

On Mother's Day, men and women in every walk of life, boys and girls in all kinds of homes, pay tribute to their mothers. Famous people have written in glowing words of their mother's influence. Benjamin West, the President of the Royal Academy of Arts in London, England, early in the last century, once said, "A kiss from my mother made me a painter." Abraham Lincoln declared, "All that I am, or hope to be, I owe to my angel mother." In a recent publication of a poetry anthology edited by James Dalton Morrison there is a lovely anonymous poem "The Blind Child" with the first verse:

I know what Mother's face is like,
Although I cannot see;
It's like the music of a bell;
It's like the roses I can smell—
Yes, these it's like to me.

A Personal Thing

A tribute to a mother is a very personal thing. It is colored by remembrance of childhood days. Although some people scoff at Mother's Day as a commercial scheme, surely it has its value! In a hurried age when everyone seems to be in a rush, when many people are reticent about expressing their deeper emotions, it is well to have time to pause and think of the debt which is owed to all mothers.

W. D. Howells once wrote: "A man never sees all that his mother has been to him until it's too late for him to let her know that he sees it." What a pity if this is so! If our mother has passed on to the "Great Beyond" let us recall all that she did for us on her day. We can observe this occasion by making a special effort to do something she would be delighted to see us do—attend Divine Worship or help some poor mother who is having a hard struggle to bring up her children.

If we are fortunate enough to have our mothers still with us, Mother's Day is an occasion when we can use our imagination to give a gift that will express our love. Flowers, candy, a book, a picture, something for her to wear or something for her home—what a wide variety of presents from which to select one that will give Mother real pleasure!

In Your Own Words

Mother's Day cards are nice but try to write in your own words how much you care for her. Take time to mention some special childhood memory. The taste of her apple pies, the little smocked dress or the little boy's suit she sewed with loving care. Refer to the time you tumbled out of the tree or fell off the swing and she looked after your bruises. Perhaps there is some long-forgotten incident when you were scared out of your wits and she restored your courage. Let her know you still remember the days long ago when you were just a child under the old home roof.

When there are small children in the family, Dad must take the responsibility for planning with them presents for Mother's Day and some special treat. One of the things that might give her the biggest surprise and thrill would be her breakfast in bed—let her know that on this day she won't have to prepare a meal or wash a dish! The family won't really suffer—and it will do them good to know from experience all the thought and work that goes into planning and cooking the family meals, and washing up afterwards three times a day, seven days a week, fifty-two weeks a year.

Make Mother's Day a real holiday for Mother. "Deeds not words"—here is a practical tribute to mother's worth—a demonstration of how much she is appreciated by everyone in the home. What if you burn the toast or scorch the vegetables? Mother is having a little "break" away from her usual tasks!

HOSPITAL PATIENTS

A mother sent her little boy to the dentist by himself as she was too busy to accompany him.
"Well Sonny," said the dentist, "What kind of filling do you want?"
The little boy hesitated for awhile, then exclaimed, "Chocolate!"

Orlo Miller of London, Ontario, a man of long experience as a writer of topics of interest to the farmer, who writes many of the radio scripts which are broadcast in the CBC's Summer-fallow series of half-hour dramas. The program is heard on the CBC Trans-Canada network each Monday night during the summer.

Ida Meier, a nurse at the Municipal hospital has been visiting in Vancouver.

Gardening

For a Big Showing

It is amazing what a blaze of color can be produced, and extending over almost the whole season, from only half a dozen or so easily grown flowers. They can be grown from seed or bought as started plants. The cultivation is simple—just a well-dug bed, raked fine, perhaps a little fertilizer, two or three cultivations while plants are getting started and that's about all.

The more the flowers are picked, the longer and more freely they will bloom. Above all, the experts advise, keep any seed pods removed. Once flowers start to go to seed they will soon cease blooming. Small things like alyssum and similar edging plants will usually grow and start blooming all over again if the are clipped back once or twice during the season with a pair of shears.

There is a wide selection of the most easily grown flowers and they come in an array of bright colors too. Cosmos, gladioli, dahlias, giant marigolds and zinnias should have about two feet each way—petunias need about a foot of room.

For Top Quality

Some of the very finest vegetables ever produced in Canada are grown in the far North, in the Yukon or on the shores of Great Bear Lake. And the reason for this is not extra good soil, as a matter of fact the soil is usually poor, but extra hours of sunlight. Quick, unchecked growth is the real secret of tender vegetables and it is possible to grow that kind anywhere in Canada if just a little care is given.

In the first place one must have good seeds and of varieties that are suitable to local conditions. Next, the vegetable garden should be thoroughly cultivated or dug, then the seed planted according to the directions on the packet. Spacing is important, as crowded plants never have the chance to develop quickly. Cultivation once a week will usually be sufficient itself to keep growth coming along in even the driest weather. If a hose is available however, that will be another safeguard. A little chemical fertilizer applied carefully and according to directions is also advisable.

And another important point—spread out sowings. If all the carrots or all the beets or beans are planted on one afternoon they will all mature at the same time. By sowing a row or two every week from early spring until late June or even early July, for most vegetables and for most parts of the country, one will assure a succession of crops right at their best. In some staple lines like beans, lettuce, beets, carrots and such, there should be some of these coming into bearing from early July until frost.

OUR DEMOCRACY MEANS FREEDOM For Wedding Rings and all kinds of Jewelry, see Gordon Stone.

Something we take for granted in Canada today is a free and unfettered press. We hardly ever think of it in terms of a priceless possession, yet moments thought should prove to us that Canadians can count freedom of the press among their blessings.

Hitler and Mussolini built their power on a controlled press. They were beaten by freedom-loving nations but other countries today are in the same position as were the ordinary citizens of Germany and Italy a few short years ago. Their peoples are in complete ignorance of what goes on outside their borders because of strict state censorship.

Our press freedom is a public freedom because our newspapers are the means by which Canadians get the information they need to judge their governments and make up their minds on public issues. It is the medium by which they can offer their opinions openly and without fear of reprisal.

Continued freedom of our press is a powerful safeguard against losing any of our other hard-won freedoms.

The three Beehive groups of the Fourth Ward sponsored a junior dance recently. Popcorn balls and a door prize added interest to the occasion. The girls worked hard on this project as they are trying to raise their quota of \$100 for the M.I.A. home at Water-
ton.

The atom bomb leaves no alternative. We must grow up or be blown up.

There is no way to control the atomic power we have harnessed unless we give God the reins.

5. Listen greedily to what people say about you.
6. Expect to be appreciated.
7. Be suspicious.
8. Be jealous and envious.
9. Be sensitive to slights.
10. Never forget a criticism.
11. Trust nobody but yourself.
12. Insist on consideration and respect.
13. Demand agreement with your own views on everything.
14. Sulk if people are not grateful to you for favors shown them.
15. Never forget a service you may have rendered.
16. Be on the lookout for a good time for yourself.
17. Shirk your duties if you can.
18. Do as little as possible for others.
19. Love yourself supremely.
20. Be selfish.

This recipe is guaranteed infallible.

Luncheon Club

I like the kind of luncheon club that gathers once a week. To laugh and sing, report on things, and hear some person speak. It makes for good companionship, promotes a happy mood, and nourishes the body with a plate of tasty food. Sometimes it sponsors projects for the needy and the poor. Or backs some civic enterprise that surely will endure. It's like the club where pleasure is of primary concern. And visitors are welcomed and invited to return. The door to equal membership is easy to unlock. And every smile is worth a share of friendship's priceless stock. And so till next week this is your Rote Reporter to whom it seems, preventive medicine seems to multiply the number of new and incurable diseases.

Mr. and Mrs. Max Hamilton were Sunday dinner guests at the J. F. Hamilton home in Magrath on Sunday. A very enjoyable day was spent visiting relatives and friends.

The Wednesday Night Club was held at the home of Mrs. Thirza Cooper. Rook was enjoyed with high score going to Mrs. Thelma Turner and consolation to Mrs. Edith Henginger.

Births

BORN TO

Mr. and Mrs. Joseph Keeler, a boy May 11.

The oilfields in southwest Ontario, among the oldest on the continent, were first developed in the 1850s.

IT'S STILL TRUE!

"Not only is the House of Commons being monopolized by wealth, it is being monopolized by local wealth. The writer was once present when the representation of a certain borough was under discussion. One of the party said that the seat was already bespoken by a local millionaire whom he named. 'But does he know anything about politics?' 'No.' 'Does he care anything about politics?' 'No.' 'Then why does he want the seat?' 'He does not want it.' 'Then why does he take it?' 'Because his wife does.'"

STIRLING NEWS

(continued from page 1)

Mrs. M. Malchen has returned to her home in Staveland after visiting at the home of Mr. and Mrs. Clifford Hirsche.

The infant daughter of Mr. and Mrs. Steve Szabo has been confined to the hospital suffering from pneumonia.

Sadie Hawkins week was celebrated by the High school last week. Daisy Mae, Lil Abner, Big Barn Smells, Mammy Yokum and all the clan were very much in evidence. Woe betide us if such goings on were permanent. The Dog Patch races and sports were held on Thursday afternoon and a big costume dance concluded the affair on Friday evening. Prizes for the best costumes were awarded to Mary Fife, Lila Bodnaruk and Gyla Barton. The Royal Canadians orchestra furnished the music for the evening.

Word has been received here by Mr. and Mrs. J. S. Brandley that their son, Calvin, law student at the B.U., has been appointed Grand Noble of Intercollegiate Knights. The election was held at Bozeman, Montana. This is the first time in the history of the fraternity that this honor has come to a Canadian. Cal also served as President of the Canadian Club for the past year.

Miss Marie Michelson was honored on Tuesday evening at a nicely arranged pre-nuptial shower. The hall and tables were gaily decorated with pastel streamers and spring flowers, providing a lovely setting for the affair. A short program was given under the direction of Ireta Brandley after which lunch was served to more than one hundred guests. Following lunch the honored guest was presented with numerous gifts drawn from a wishing well. She was assisted in the opening of the packages by Evelyn Barton and Mrs. Enid Seeley. Friends were present from Lethbridge, Raymond, Monarch and other points.

Mrs. Elodia Christensen left on Tuesday morning to attend the Dominion Drama Festival being held this week in Calgary. Mrs. Christensen, prominent in dramatics for many years, was very appreciative of the invitation she received to meet with other directors from many parts of the Dominion.

Pull your weight—don't throw it around.

Fixing the blame is not as important as fixing the fault.

Seeding Forage Crops

Today, with forage crop seed prices at unusually high levels, care in seeding grass and legume crops is of the greatest importance. Mr. J. E. Birdsall, Supervisor, Crop Improvement Service, Alberta Department of Agriculture, has recently listed a few important rules which, if followed, will avoid failure in securing satisfactory stands of forage crops. These are as follows:

Seed Quality. Use only high quality "graded" seed of proved germination. The seed you sow should be pure as to variety and free from objectionable weed seeds. If at all possible purchase Registered and Certified seed. If seed of this quality is not available use good Graded No. 1 Commercial seed. Don't buy "ungraded" seed.

Soil Conditions Important. Moist soil is essential. If the soil is dry do not sow your grass and legume seeds. According to Mr. Birdsall, attempting to reach moisture through "deep seeding" or "taking a chance on rain occurring within a few days" are good ways of wasting expensive forage crop seed.

A very firm seed bed is absolutely essential for good germination of forage crop seeds, and no factor is more important than shallow seeding. Legume and small grass seeds should not be seeded more than one-half inch deep and larger grass seeds, such as Bromes, not more than one inch deep.

Nurse Crops. In dry areas a nurse (companion) crop should not be seeded with forage crops. Where soil moisture conditions are favorable a nurse crop may be used providing it is chosen with care and seeded at a light rate. An early maturing variety of barley such as Olli, seeded at not more than one bushel per acre, will prove highly satisfactory for this purpose.

Seed Inoculation. All legume seed should be inoculated. Present day seed inoculants are cheap and easy to apply. However, be sure and buy an inoculant that has been prepared for use in 1950. Check the date on the container.

For further information on seeding forage crops see your Agricultural Representative, or write to your Field Crops Branch, Department of Agriculture, Winnipeg, Regina or Edmonton.

The New York Times of January 24 tells an interesting story:
"A Yugoslavian lays 8,000 bricks a day."

Read that at the next meeting of the Bricklayer's Union. Tell that to the Hon. Winston Churchill. He knows from experience something about bricklaying.

Here is a humble citizen of Yugoslavia who grabs a bit of breakfast hurries to his task, takes no time off for lunch, snaps a bite now and then between bricks, so to speak, and at the end of the day finds he has made a record—8,000 bricks.

And his name? "Radosavljevic", pseudonym for Smith in Ottawa. He earns 33 pounds a week, whatever that means in Yugoslavia! He is never bothered by the secret Yugoslav police. They remove their hats when they pass him on the street. Tito has exempted him from income tax. Well he should! Oh! these supermen!

The Sunday Night Club held their meeting at the home of Mr. and Mrs. Warren Jones. Marion Tolstrup gave the lesson, taken from the book, "Temples of the Most High". A delicious lunch was served.

The Readers Progress Club held their meeting at the home of Mrs. Elsie Mitchell. Mrs. Aith Peterson reviewed the book "Song Everlasting". Lunch was served.

Phony Phonetics

The wind was tough and cold and rough, she kept her hands within her mough. It chilled her through, her nose grew blough and still the wind the faster fough, and yet although there was no snough. The weather was a cruel fough, it made her cough, please do not scough. She coughed until her hat blough ough.

Mr. and Mrs. Howard Rabideau of Calgary were Sunday visitors at the home of Mr. and Mrs. C. D. Peterson.

Mrs. Hilden Gibb and son Kent of Edmonton are visiting with her parents, Mr. and Mrs. J. L. Larsen.

Burns Larsen, Dr. Anderson, D. Taylor, Gordon Stone, Myron Hamilton and their wives were dinner guests at the home of Dr. and Mrs. Steele Brewerton in Magrath last Saturday evening.

Nelson Farm Record
We are the Agents for this Unique System of Farm Bookkeeping. The book made by a farmer for farmers to use. Farmers are well rewarded for the time spent on keeping an up-to-date set of books. Call in and see for yourself how simple Mr. A. E. Nelson of Calgary has made this chore.

Stone's has purchased the Ehlert building and will stock beds, springs, mattresses and furniture in their building across the street.
